

## I WAS ABLE TO WATCH CHELSEA PLACE BRING SMILES TO PEOPLE WHO FORGOT HOW TO SMILE AND BE HAPPY

*I miss my Chelsea Place family. I plan to come back and visit and volunteer. I enjoyed the festivities that go on there. Administration did a great job with parties and functions, like Christmas.*

*I am very thankful and grateful. I was able to watch Chelsea Place bring smiles to people who forgot how to smile and be happy. The activities and recreation that take place mean a lot to patients. It's the littlest things. Kelly, my nurse, she did a great job. I love my Kelly — she really knows her patients and puts in great effort.*

*I tell everyone I got great therapy there. Physical therapy was awesome and very caring and concerned with my rehabilitation. They were able to help me build up after six months in a wheelchair. I was able to walk out of there strong.*

*I highly appreciate Chelsea Place.*
